Subject: Microsoft Settlement

Dear Judge Kollar-Kotelly,

I am writing this email to express my strong feeling about the Microsoft settlement case. It is very clear and obvious that Microsoft has violated the antitrust laws with the intention of wiping out her competitors at all cost.

That said, I feel that any government settlement with Microsoft, in order to protect the technology community and the larger public, must cover the following issues:

1. Terminate Microsoft's illegal monopoly immediately,
2. Deny to Microsoft the profits of its past violations (give it to our government for budget or community for profit sharing), and
3. Prevent any future anticompetitive activity.

Thank you very much for taking my comments into consideration when making the settlement.

Best regards,
